FAMILY SESSIONS

Schedule a convenient session at your home or other choice of location---our studio and grounds offer settings for all seasons. We work out the details and consult with you on clothing choices. At time of posing, enjoy yourself while our team captures formals, candid and video of all the action.

Your payment of a deposit entitles you to posing as well as a multimedia presentation featuring video and images from your session. This is a wonderful keepsake to enjoy on your TV and it allows you easy viewing of your still images.

A package of enlargements, photo greeting cards, wallets, and other products is designed around your favorite images. Wall portraits, coffee table books, and accordion minis are currently our most popular items. Choose a portrait package and eliminate pose session fees.

EXTENDED FAMILY SESSIONS

Planning a large family gathering requires extra communication to assure everyone is prepared for the pose session. We are happy to help by emailing everyone what to wear, what poses will be taken, what photography packages are being offered and what the costs will be.

Our experience in posing groups attractively and our patience with children (we have five of our own) enables us to create treasured portraits while everyone enjoys being together. A multimedia presentation featuring video and images from your session is presented as a keepsake to each family.

When several families choose packages, our posing fee can be eliminated. Our most popular package is a framed 20x10 wall portrait (most appropriate for large groups) at a cost of \$85. Several choices of albums and books can be designed to showcase a collection of the best images from your session.

Digital images are fun and fast, but quality portraits on real photographic paper are good insurance that your family's photos will exist for a long time. Call now to discuss any type of imaging (from pregnancy to nursing home) that your family requires.
