## **Photography/Videography**

January 12, 2012

Dear Prom Committee:

Are you considering photographers for your upcoming event?

We hope you are considering professional photographers!

As full time professionals, we are in business and collect and pay sales taxes which support your school, county, and state.

Our team of experienced personnel will capture and create images to satisfy even the most particular customer.

Our state of the art equipment and backups insure that we will be there for you.

We offer a full range of quality services and products at competitive prices.

We use a professional laboratory insuring accurate color reproduction and guaranteed products and services.

All of our images are presented in display mounts, and are artwork corrected at no additional cost, to make everyone look their very best.

Our newest offering is the dramatic Event Book - capturing the people and excitement of your prom. Enclosed is a sample Event Book for you to examine and share with other committees at your school who might be interested in such a product. (See our website Proms Page for a video presentation of this hot new item).

Want an exciting video production of your event? We are adding a video option to our offerings this year.

We invite you to call or e-mail for additional information and samples of our work, or to schedule a presentation at your school.

Thank you in advance for your consideration.

Sincerely yours,

Ken, Diane, Nick, and Prairie Meyer-Hesler
